EDUCATION

Aravali College of Engineering and Management, FBD, HR
Bachelor of Technology in Computer Science

(2019 – 2023)
CGPA: 8.0

Doon Bharti Public School, FBD, HR
Higher Secondary (CBSE), Non-Med

(2017 – 2019)
Percentage: 79.4%

SKILLS AND INTERESTS

Technical- OOPs, DBMS, Git, Data Structures, Algorithms, Mathematics, Data Science, ML

- **Languages:** Python[primary], C++, JavaScript, SQL
- **Frameworks and Libraries:** Django, DjangoREST Framework, Bootstrap, NumPy, Pandas
- **Operating System:** Ubuntu, Windows

Non Technical- Teamwork, Public Speaking, Versatility, Problem Solving, Football

Language - Hindi, English

EXPERIENCE

Minicoders – Python Django Developer - Intern, Barcelona(Spain)

Mar 2023 -- Present

- Part of Backend Development team.
- Make some Dynamic web pages like using Python, Django and Sqlite DB.
- Implemented various generic Data Structures functionalities like Array, Stack, Tree for Database table hierarchy and CRUD operations using Python.

PROJECTS

StudyBud - [GitHub Link](#) | Python, Django, DjangoREST, OOPs

- Built an Discord like webapp for online chatting where user can create room or can join room and discuss about topics.
- Implement some django admin functionalities like for user Authentication and Authorization.

Library Management System - [GitHub Link](#) | Python, Pandas, Oracle DB, OOPs

- Developed a CLI based library user management system and integrate with oracle database.
- Users can see all their records of books they issued, they can lend books and can check books availability.
- Users can sign in/sign up his/her account and can reset password. I also use some validations on user details to avoid improper data sets, data redundancy.

ACHIEVEMENTS AND CERTIFICATES

- 3* Coder at LeetCode
- Champion at Codestudio
- Solve 400+ DSA Problems on various platforms
- HackerRank Skill Certificate – [SQL\(Basic\)](#) Jul, 2021
- Linear Algebra, Analytic Geometry and Matrix Decomposition: [Udemy](#) Nov, 2021
- Linear Algebra Code Implementation(Python): [Udemy](#), [MML-Code](#) Dec, 2021
- (C-3) Multivariable and Vector Calculus: [Udemy](#) Feb, 2022
- Probability and Statistics: [Udemy](#) Mar, 2022
